

This service charter was written BY Young Carers FOR Young Carers

Young Carers said they wanted us to:

Help them do their best

Try to give them more free time

Support them to do things their friends do

Improve their attendance at school

Provide opportunities to speak to people who understand what they are going through

Include you in decisions about your life and who you care for

Help you communicate your views to your family, teachers and other professionals

Encourage you to express your thoughts and feelings

Value your opinion

Listen to you and support you

We promise to:
